Words of Exaltation

- "Serve the Lord with gladness: come before his presence with singing."
Psalms 100:2.
- "For a day in thy courts is better than a thousand. I had rather be a doorkeeper in my God, then to dwell in the tents of wickedness."
Psalms 84:10.
- "My son, keep my words, and lay up my commandments with thee, keep my commandments, and live; and my law as the apple of thine eye."
Proverbs 7:1-2

We Are All Different & Very Special

Greetings to our readers!

May this newsletter give you the enlightenment and spiritual insight. We, at Shouters, share our lives with different age groups. The year 2005 is coming to a close and a lot of us will look back and say, I have done well or I need to revisit myself to do better in 2006. Whatever the thoughts may be we are all different and also very special **"I will praise thee for I am fearfully and wonderfully made marvelous are thy works and that my soul knoweth right well". (Psalm 139: 14)**

Have you ever sat in the mall or on the train and seen people of all kinds, we called it diversity, people flowing from all walks of life, all sizes, all descriptions. We all differ not only in physical characteristics but mental and emotional traits. The creator chose a special pattern for every person and used it only once.

In God's creation no duplicates, no replacements, and no reruns ever appear in the human race. Every man and every woman, and child is a special expression of His creative handiwork. This tells us that God wanted each of us to be unique. We don't have to envy others. We can accept ourselves as we are, because God has created us in His image with specific qualities all our own.

Feelings of inadequacy come to all of us, especially the down trodden and under privilege. But the Lord never intended that we struggle through life with the burden of inferiority.

Her Grace Dr. Archbishop Deloris Seiveright

Your life is God's gift to you, love who you are and be the best you can. What you do with it is your gift to God. We are different, but we are created equal, what goes for one must be for all. We have gifts that we share and use in the community. Our gifts make us special and unique. We are one of a kind therefore we can serve in the different areas we are called into.

Moses, Jesus, and Rosa Parks felt the pain of how special people were treated, they made a difference. **"Take heed to yourself...lest you forget the things your eyes have seen... And teach them to your children."** (Deuteronomy 4:9) We must build a legacy that springs. Our service to all will be different, to different people and special people. It's Ok to be yourself. Inspire and instruct, tell your stories. "A life lived for God leaves a lasting legacy"

God Bless everyone for the year 2006!

EVENTS

Liberation 2006

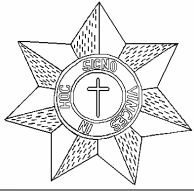

We in the City of Toronto, in the Providence of Ontario, the Country of Canada brought our rich culture and religious rights with us from the Caribbean and Africa. According to the Shouter Prohibition Ordinance **“It shall be an offence for any Person to hold or take part in or to attend any Shouters’ meeting or for any Shouters’ meeting to be held in any part of the Colony indoors or in the open air at any time of the day or night.”** We now have churches all over the world doing **charitable** work and spiritual preaching and teaching. With our Mandate we serve the community on a whole.

Once we were down trodden, oppressed and our dignity and self-esteem was taken away from us, now we have reclaimed our dignity, self-esteem and pride as a Shouter Spiritual Baptist from the Caribbean and the African Dispora.

Liberation 2006 will take place Saturday, March 25 at Nathan Phillip Square & City Hall.

GOSPEL CONCERT

RECOMENDATIONS TO VIOLENCE

Programs:

1. There are too many barriers to create youth Programs (Red Tape).
2. Organizations who have good track records should have a reduced waiting period to create these beneficial programs
3. Although organizations have good records they still have mistrust from the program administrative department; thus, organizations hesitate to ask for funding from certain departments. This needs to be changed., whether it is a black or white organization.

Community:

1. The schools need qualified counselors and let teachers teach
2. The Parents need to be educated about the school system and their children's life styles.
3. Recruit those youth that need to be in the program, who really need to be in the program
4. The youth who cannot be reached, the law should clean the city and take care of them.
5. The church should continue to instill values and Principles to the youth that they come in contact with
